

Turnover For the First Half : +19.3%

Signing of a Global Distribution Agreement with Konica Minolta

In K€	2013	2014	Growth in %
First Quarter	5,465	6,318	+ 15.6%
Second Quarter	8,555	10,412	+ 21.7 %
Total	14,020	16,730	+ 19.3 %

An Excellent First Semester

MGI Digital Graphic Technology displays a turnover of € 16.7 million, up 19.3% compared to the first half of 2013. A comparable basis (excluding CERADROP acquired in September 2013), the increase in turnover was over 12% to € 15.7 million.

The second quarter fully contributes to the dynamics of the half with a turnover of € 10.4 million, up 21.7%. At constant scope, the increase amounted to 12.7%.

A Growth Drove by the Export Results

Internationally, sales for the first half amounted to € 12.4 million, up 26.7%. In the second quarter, international sales increased 29.9% to € 8.3 million. This good performance has the launch of the new range of digital presses its world premiere at IPEX held in London in March. Throughout the semester, the International represents 74% of total activity.

In France, in a still challenging economy, sales for the first half amounted to € 4.3 million against € 4.2 million, an increase of 2.1%. The new range of digital presses launched at the International in the first half will be presented on the French market at fairs Maps and packaging which will be held in the last quarter.

Worldwide Distribution Contract with Konica Minolta – a new business opportunity for 2015

In connection with the merger was completed in January with Konica Minolta, MGI Digital Graphic Technology announces the signing of a global distribution agreement with the Japanese group. The contract provides:

- 1 The exclusive distribution assigned to a network Konica Minolta JET varnish 3DS version specially developed and adapted to the digital printing solutions manufactured and marketed by the Japanese group.;
2. Distribution of the full range MGI Digital Graphic on Japan and India where Konica Minolta has a strong commercial presence.

The coming months will be dedicated to technical and commercial training teams Konica Minolta will be operational from 2015. This contract illustrates the recognition gained by the Group internationally throughout its range of digital printing solutions.

This agreement will complement the indirect distribution network MGI Digital Graphic already active in more than 70 countries.

Annual Target Growth Confirmed

In view of the good start of the year and favorable prospects for the coming months, MGI Digital Graphic confirms its target of 15% growth for the full year 2014.

About the MGI Group

The MGI Group is composed of MGI Digital Graphic Technology, headquartered in Ivry-sur-Seine, France, and KÖRAPACKMAT, located in Villingendorf, Germany, and CERADROP, located in Limoges, France.

Founded in 1982, MGI Digital Graphic Technology designs, manufactures and markets a full and innovative range of award-winning digital presses and a complete line of versatile finishing solutions.

A leader in the professional graphic equipment market, MGI is registered on the Euronext Paris Alternext stock exchange (ALMDG). They received two prestigious OSEO/bpifrance labels "Innovative Company" & "2014 bpifrance Excellence" in recognition of their expertise and innovation in the graphics & finishing industry. In addition, MGI has won thirteen international product awards from 2008-2014 related to technological innovation, including the 2013 Oscar de l'Emballage (Packaging Award) and the prestigious 2013 InterTech Technology Award sponsored by Printing Industries of America.
