MGI DIGITAL GRAPHIC TECHNOLOGY EXPANDS ITS DISTRIBUTOR NETWORK TO TURKEY WITH **PENTA**

MGI Digital Graphic Technology, the Digital Press and Finishing Solutions manufacturer, announced the appointment of a new distributor for Turkey.

Pursuing its distributor network expansion in the Middle East, MGI has appointed a new distributor to develop sales and marketing activities for Turkey for its long term presence in the litho/flexo Turkish markets.

Victor Abergel, MGI's Executive Vice-President for International Sales and New Business Development, said *"It is a great pleasure to announce that **Penta Ltd** is our official partner for Turkey. We, at MGI, were looking for a while, a good partner for this tremendous and unique Turkish market. Penta's in-depth knowledge along with all this very talented team are going to make a success for both Penta & MGI"*.

Penta Ltd is a Turkish company established since 2005 in Istanbul. Penta has established long term relationship with key customers all over Turkey. Penta is distributing consumables for pre-press/litho/packaging as well as pre-press and printing equipments. Penta is recognized for delivering an outstanding service and support to its customers and received the **2010 Best Service Award** by the joint decision of printing professionals and votes of members of the printing industry.

Sefik Okunakul, General Manager, added: *"We have been carefully monitoring the worldwide printing market. We first discovered MGI in 2006 and we have been impressed, year after year, by their growing presence and the innovation of their products. MGI has definitively key products in their portfolio that meet the needs of our local customers."*

Thanks to this partnership, **Penta Ltd** will pursue strong market penetration in the printing and finishing sectors of the Turkish markets. We have already installed our first Meteor DP60 Pro digital press. The extreme flexibility of Meteor DP60 along with its capability to print both on plastic and paper substrates, is greatly helping us to capture new customers".

Penta Ltd is now fully trained and operational to demonstrate and service MGI's product range to Turkish customers.

- **Meteor DP60 Pro[®]**

The Meteor DP60 Pro multi-substrate Paper & Plastic Digital Press is the flagship model in the DP60 series. Designed for high volume printing, the DP60 Pro has the capability to produce up to 3,900 A4 size sheets, 1,600 330x487mm sheets, and up to 32,000 ISO CR-80 PVC plastic cards hourly, all in four colors and with full variable data. It can accommodate sizes up to 330x650mm thanks to its new standard Super Format mode and up to 330x1020mm with the optional Super Format XL mode.

The **most versatile digital press in the industry**, the Meteor DP60 Pro can print on a wide range of **Paper and Plastic Substrates**. For papers from 70 to 350gsm including matte and glossy papers, CS1 & CS2, textured papers, envelopes, labels/stickers; for Plastics from 100 to 400 μ thickness such as PVC, polycarbonate, polyester, Teslin[®], Yupo[®], Vinyl, PET and many others. All substrates can be printed in high quality resolutions of up to 2,400dpi x 200lpi with variable line screen capabilities.
